| **Subject:** | DYL-280 (VISION:RESULTS) - Comprehensive Course Outline Request |

Hello Mr. Shapiro,

Thank you for your reply. At this point, I am merely interested in the course outline, to see if this is something that would be applicable to my situation. I can get back to you if necessary.

Regards, Sam.

Subject:   DYL-280: Comprehensive Course Outline Request

Mr. Borso:

Enclosed forthwith is the information that you requested on our DYL-280 training.

Are there any special requirements in terms of the system software environment in which DYL-280 is being utilized on?

Additional information is available from the following url:

http://www.sysed.com/tech_assessments/DYL280Ad.htm

If it would be helpful, I can arrange a telephone consultation with our Director or Education.

David Silverberg: http://www.sysed.com/biography/davidsilverberg.htm

In order to do so, we will require a telephone number, date, and time of day to place the call.

I am available for additional information and service at your convenience.

Thank you for considering SYS-ED.

David Shapiro
