Subject:	Comprehensive Course Outline Request

```
About Course:
=======================================================
Course ID: MFUTDO6
Course Name: AllFusion Endevor

=======================================================
```

Thanks for your quick reply. I would be interested in an Endevor course
from an Administrators perspective, not a programmers. I don't know if that
makes a difference. At this time I am gathering course information from
various companies that offer Endevor Training and I plan on presenting my
findings to my manager.

Thanks again for your quick response.
