

**Chapter 1: Endeavor Concepts and Facilities**

Application Development Life Cycle: Control, Automation, and Monitoring .....	1
Endeavor: Inventory of Software Components .....	2
How Endeavor Works .....	3
Endeavor: Basic Operations .....	3
Inventory Structure .....	4
Building the Inventory Structure .....	4
Logical Structure .....	5
Processors .....	6
Endeavor Life Cycle .....	7
Package Processing .....	8
Endeavor Libraries .....	9
Endeavor Functions .....	10

**Chapter 2: Displaying Information**

Starting Endeavor- Environment Selection .....	1
Display Elements .....	2
Action Processing .....	3
Display Elements/Component Lists .....	4
ELEMENT SELECTION LIST .....	5
Endeavor's ELEMENT DISPLAY .....	6
Change Levels .....	7
Display System Names .....	8
SYSTEM DEFINITION .....	9
Display Subsystem Names .....	10
Display Element Types .....	12
FOOTPRINT .....	14
ENDEAVOR LOAD MODULE .....	15

**Chapter 3: Retrieve Processing**

Retrieve Elements .....	1
Foreground Options .....	2
RETRIEVE ELEMENT Panel .....	3
ELEMENT SELECTION LIST .....	5
Status Report .....	6
Batch Retrieve .....	7
BATCH OPTIONS MENU .....	9
Building Additional JCL .....	11
Retrieve Prior Versions .....	12

**Chapter 4: Add/Update Processing**

ADD/UPDATE ELEMENTS .....	1
New Element .....	2
ADD/UPDATE Options .....	3
MEMBER SELECTION LIST .....	4

**Chapter 5: Endeavor Utilities**

DELETE ELEMENTS .....	1
MOVE ELEMENTS .....	2
GENERATE/Compile Elements .....	5
PRINT ELEMENTS .....	7
Print Options .....	8
SIGNIN ELEMENTS .....	9
Transfer Processing .....	11

**Chapter 6: Package Processing**

Package Processing .....	1
Package - Foreground .....	2
Package Life Cycle .....	3
Creating a Package .....	4
Casting the Package .....	5
Reviewing the Package .....	6
Executing the Package .....	7
Committing the Package .....	8
PACKAGE DISPLAY .....	9
Package Processing Option .....	10
Creating a Package .....	11
CASTING a Package .....	13
PACKAGE APPROVAL .....	15
PACKAGE UTILITIES .....	16
EXPORT Package .....	17
Package RESET .....	18
Approver Groups .....	19

**Chapter 7 Quick Edit**

Quick Edit - Featureset .....	1
BUILD USING MAP Option .....	1
Generate Processing .....	2
Quick Edit Panel .....	3
Quick Edit Option .....	4
Fields .....	5
List Option Fields .....	5
Action Options Fields .....	5
Element Selection Screen .....	6
Action Prompt .....	7
Edit Screen .....	8
SAVE, END, and CANCEL Commands .....	9
Copyelm Command .....	10
Master Screen - 1 .....	11
Master Screen - 2 .....	12
CREATE Option: Element Creation .....	13
DELETE Option: Deleting an Element .....	13
MOVE Option: Moving an Element .....	14
Signin Option: Sign in an Element .....	15
