What aspects were most valuable to you in this course?

*Every aspects of the course*

What would you like to see changed or added to improve this course?

*spend more time with material*

What aspects were most valuable to you in this course?

Review of <sup>some</sup> commands using sed, awk, perl.

What would you like to see changed or added to improve this course?

A better description of who this course will help/not help.

Develop ~~the~~ a course that will help Unix Sys Admins in their day to day, in the area using Sed, awk, perl.

What aspects were most valuable to you in this course?

What would you like to see changed or added to improve this course?

The course was very good. I was hoping to have a more advanced class with more than 2 days to cover material
