- Did the course meet your objectives? Yes  No
- Would you recommend this course to others who need it? Yes  No
- Did you meet all the stated prerequisites for the course? Yes  No

What was the most valuable part of the course?

Web Services. We're going to stress these in the future. I have a solid idea of how to create/deploy them now.

What was the least valuable part of the course?

HTML formatting/visual WYSIWYG editor. We won't use this at all. I think a simple "here's what you can do with HTML in WSAD" would've been sufficient."
